

# Galvanized PWC Trailers

PWC1250

DWC2000-S

## STANDARD FEATURES:

- Hot Dipped Galvanized Tube Finish
  - Tube Construction, More Durable
  - Longer Side Rails
  - Fully Grounded Waterproof Lighting
  - Adjustable Flat boards are standard as shown
  - Torsion Axle Standard on Most Models\*
  - 2 Year Limited Warranty
  - Tongue jack not included on flat frame spring models
- Our tubular frame construction is more robust than typical mill channel trailers and allows a fully-adjustable winch and bunk system.
  - We offer a trailer to match all of your PWC needs. The flat frame model is perfect for the Spark and other economy PWC models. Our torsion axle models are designed to carry all two and three seat Personal Watercraft.

***Better Built by Magic Tilt***

## OPTIONAL FEATURES:

- Radial Tires on 13" t&w
- Spare t&w
- Spare Carrier
